

ReportVue

ReportVue®

Save Time with Fast and Easy Reporting

Decreasing the time your staff spends pulling, reviewing and analyzing reports can free up time for other things. Now there is a tool that will reduce the overall time spent on system reports. ReportVue is PSCU's web reporting application that enables you to quickly and easily research Card Payment reports through flexible searching and filtering functionality. With ReportVue, your credit union will have greater efficiency and productivity, while freeing up your staff to spend more time with your members.

The Power of an Advanced Reporting Tool

- Email notifications on top reports take the guess work out of waiting for them to be ready.
- Ability to print/view the entire report regardless of size.
- ReportVue now contains 140 of your most used Omaha Credit Reports.

Solution Summary

ReportVue offers greater efficiency and productivity to credit union staff so that more time can be spent with members.

- *Simplified User Interface*
- *Customizable dashboards by user*
- *Email notifications on top reports*
- *Significantly improved search times*
- *Any field is searchable in a report*
- *Ability to print/view entire report regardless of size*
- *Contains 140 of your most used Omaha Credit Reports*
- *Export all functionality for your desired reports in one easy step*

ReportVue

A More Personalized Experience

- The completely redesigned UI can be tailored by user for a more customized experience.
- Save the reports you want to see to the dashboard for quick access.
- Simplified user interface makes it easier to maneuver and navigate around.
- Users only see what they want to see.
