

PSCU Contact Center Services & Solutions

Overview

24/7 is the new 9 to 5

Credit unions that master the art and science of service enjoy a significant competitive advantage. PSCU Contact Center Services & Solutions help credit unions meet their members' expectations for high quality, personalized and anytime service.

Convenient

Give members anytime and all-the-time access to one of a credit union's most valuable assets – professional and high-touch service. Our contact centers remove the barriers that keep many credit unions from establishing the convenience of a 24/7 service model.

Every detail matters to members. The power of a credit union's brand in its community is based on attention to thousands of tiny details. Outstanding service – the kind that earns praise and enduring loyalty from members – is all about details.

Category Summary

The PSCU Contact Center Service & Solutions model is flexible to accommodate the specialized member service requirements of credit unions:

- **Full Turnkey Service** – Handle members' requests for service around the clock.
- **Overflow** – Assist credit unions in maintaining expected service levels even during peak call volume periods.
- **After-Hours** – Our contact centers never close, which enables credit unions to deliver service when they're closed.
- **Business Continuity** – Provide coverage during events, planned or unplanned, that impact their member service operations.
- **Outbound** – Give credit unions a cost-effective, customizable channel for member education and up-sell/cross-sell opportunities.
- **Lending and Account Opening Contact Center Support** – Our contact centers are available to assist your members in completing loan and new account applications.
- **Lending 360 Loan Origination System** – Our partnership with CU Direct enables simplified workflows and powerful reporting capability, credit unions can easily increase their productivity and efficiency.

All the Right Tools

Why buy your own technology, tools and resources when you can easily borrow ours?

Scale – Over 1,000 representatives stationed in six contact centers across the country ready to serve your members.

Custom – Custom member service applications and real-time scripting tools designed especially for credit unions allow our representatives to become an extension of your credit union. Additionally, customized Lending and Account Opening tools let you decide how to best service your members whether it be the ability to take loan and account applications via the phone or a complete loan origination platform to better capture valuable loans and new members.

Connectivity – Real-time interfaces to credit union core data processing platforms allow our representatives to see what you see and service your members regardless of the questions.

Analytics – Smart analytics for insights into members' transactional behaviors.

Automation – Streamlined, automated processes will help prospective and existing members join a credit union, open an account, or apply for a loan at any time - day or night - in less than 10 minutes through the most convenient channel for them - branch, online, or phone.

Productivity – Better serve your members with a technologically leading edge, easy to use lending platform designed to fully support consumer loan and account opening applications powered by Lending 360.

Collaborative

Service is not an expense. Rather, service is a strategic investment in a credit union's ongoing relevance, health and growth. See if some of these statements strike a familiar chord in your credit union:

- “We don't have the scale to manage a 24/7/365 service operation.”
- “We need a resource to help us respond during a disaster or emergency.”
- “We get slammed with calls sometimes and we can't handle the volume.”
- “We're not optimizing opportunities for product sales and revenue growth during our interactions with members.”
- “We can do a better job of knowing our members and meeting their needs.”
- “Members should be able to apply for loans and accounts at times convenient for them -24/7/365.”

PSCU Contact Center Services & Solutions

Credit unions need a service partner. We created the PSCU Contact Center Services & Solutions model to address the common concerns we hear daily during our interactions with credit unions.

Custom

All credit unions share a common mission, but no two are exactly alike.

We Speak the Language of Credit Unions

Every detail matters to members. Outstanding service – the kind that earns praise and enduring loyalty from members – is all about details. We speak the language of credit unions.

It's in the way a contact center representative greets a member, the calm demeanor of a seasoned service professional, the special skill of listening before speaking – these make for a memorable service experience.

A PSCU Contact Center Services & Solutions representative is an extension of a credit union's unique voice and brand promise.

That customized, seamless experience for the member is a logical consequence of a relentless commitment to attention to many details.

More Than a Phone Call

Built to be a credit union's best marketing and growth engine, PSCU Contact Center Services & Solutions supports the PSCU pledge of helping credit unions outperform the marketplace. Our solution set addresses credit unions' business strategies for:

- **Lending and Account Opening Contact Center Support** - By combining 24-hour lending services with a financial contact center, your credit union can significantly improve its level of service and sales performance. With our award-winning contact center support and our platform-agnostic lending and account opening technology, we combine the best of both worlds: Customizable contact center support and flexible lending and account opening technology.
- **Lending 360 Loan Origination System** - Through a partnership with CU Direct, PSCU offers one of the most comprehensive multi-channel lending and account opening solutions available to credit unions. Lending 360, best-in-class loan origination software, comes with powerful features that allow your credit union to improve the member experience by streamlining the entire application process.
