

Weekly U.S. State/Territory Analysis

Week Ending August 2, 2020

The following list of U.S. states, districts and territories highlights the year-over-year changes on credit card purchases, debit card purchases and ATM transactions for PSCU Owner credit unions. This week highlights the changes for Week 31, **comparing the results from the week ending August 2, 2020 to the week ending August 4, 2019**. The location results refer to the home address of the member conducting the transaction (not the location of the transaction). The output represents “same-store” transactions, so the same credit unions are in both sets of data for both 2019 and 2020. Each week, the percentage changes are sorted from highest to lowest (1-54) in their respective categories.
